

Locking Extension Cords

When you've got a job to do, there's no time to waste. Coleman Cable's new Locking Extension Cords keep tools locked into power, eliminating the frustration and hassle of tools coming unplugged. When connected to a tool or other electrical device, these cords provide a positive lock and can be disengaged only by choice. Locking Extension Cords are UL listed, available in 50 foot and 100 foot lengths, and in 12 gauge and 14 gauge.

Features & Benefits

- Keeps tools plugged in
- Easy to operate locking mechanism
- High visibility striped wire for easy identification
- Ideal for use with power tools
- Designed to work with most cords
- Suitable for indoor or outdoor use

Locking Extension Cords
