RS ProCT Series Uninsulated Tin Plated Tubular Ring Terminal, M6 Stud Size, 6 mm²

Product Details

RS Pro Ring Tube Crimp Terminals

From RS Pro, a range of heavy duty copper tube ring terminals manufactured from a pure grade copper base to BS2871 and electro-tin plated to BS1872,1984. These HD copper tube ring crimp terminals are for use on multi-stranded cables and are available with a flared or a chamfered entry (see stock numbers [841-7598](#) and [841-7608](#)) and in a variety of sizes.

For suitable crimp tools please see stock numbers [241-4710](#), [445-611](#) and [445-885](#)

RS Tube Terminals - Uninsulated Terminals & Kits

Tube Terminals

Heavy duty tube terminals and butt splices for terminating cables in the 6mm² to 150mm² size range. The terminals are available with different bolt hole diameters. Both ring terminals and butt splices are manufactured from tinned copper tube with a flared cable entry to ease termination (Excepting 6mm² size). Rated to 150°C.
