

FORTAINER

GREEN RESILEX® P WHEEL

STRONG POINTS

- Lower starting effort.
- 5 year bonding guarantee.
- Rigid easy to manoeuvre brake.
- High abrasion resistance.

APPLICATIONS

Manoeuvrability of a hard tread with all the advantages of rubber. High degree of elasticity and resistance. Quiet wheel with super-elastic rubber.

Non-marking green colour.

CASTOR ASSEMBLY: • Very thick pressed bi-chromate zinc-plated sheet steel. • Swivels on two rows of treated steel balls, lubricated and protected by seal.

WHEEL: • **Green Resilex® P:** roller bearing with demountable axle. • Highly resilient.

LOCKING: • Double-action rear brake: wheel and swivel. • Steel pedal.
