Datasheet

KVM Switch, D-sub, 9 Pin 2 Port

RS Stock number [390-1726](#)

Description:

The SB range of Switch Boxes are computer-sharing devices that allows multiple users to share one peripheral or one user to share two or four peripherals. Based on manual switching principle, it's as easy as selecting the required letter your device is on.

These devices are a perfect solution for a small office environment where a peripheral can be shared between two or four users without the trouble of a network. There is no interface card or software to configure. Installation is as easy as connecting cables between the switch and your computer.

Specifications:

Connection Port: D-sub, 9 Pin

Number of Ports: 2
