

ENERGY 4 SPEED

Microprocessor controlled Speed-Charger

- > For 1-4 Mignon AA or Micro AAA
- > Adjustable charging current by a switch "Fast charge / Standard charge" (2100mA/850mA for AA cells and 850mA/350mA for AAA cells)
- > Multiple over charging protection by -deltaV detection, temperature control and safety timer
- > Trickle charging: faulty cell and Alkaline detection
- > Reverse polarity protection
- > Cooling of the batteries by a fan
- > Battery status is displayed by LED per charging slot
- > External power supply with wide range input 100-240V AC and 12V car adapter

Part No.: 5707143
