## Mechanical Outline Drawing

H Dim 9.52

# Thermal Curves

|                    |       |
|--------------------|-------|
| Thermal Resistance | 25.90 |
|--------------------|-------|

Thermal resistance value is based on a 75°C rise in natural convection

## Product Information

| Part #                                                                                                                                                                                                                             | Description                                                                     | Finish        | Board Mounting                       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------|---------------|--------------------------------------|
| 577102B04000G                                                                                                                                                                                                                      | Slim low cost channel style heat sink with solderable tab for vertical mounting | Black Anodize | <a href="#">View Hole Dimensions</a> |
| This non-electronic component is functionally unaffected by the normal soldering or reflow processes used for semiconductor circuits. The heat resistance time or heat resistance temperature is not applicable for the component. |                                                                                 |               |                                      |
