

# Progressive Wall Light

## LED lighting system for building security

**Progressive Wall Light** improves the look and increases security of retail establishments with its sleek, lightweight design. The two-piece construction makes replacing existing fixtures simple and straightforward.

- Balances light on the ground, against the wall, and toward cross-traffic for added visibility
- Covers existing fixture silhouettes
- **Saves up to 90% energy compared with typical HID fixtures**

**Universal mount** – Mounts to a junction box or wall anchors with a simple two-piece design.

**Back plate** – Suspends the light for quick, easy wiring and attachment.

**Formed reflector** – Focuses light on the wall, ground, and peripheral area for increased safety and security.

### Specifications

#### Electrical

<b>Input voltage</b>	100-277 VAC, 50-60 Hz
<b>Output voltage</b>	20 VDC, Class 2 low voltage
<b>System power</b>	27 W

#### Lighting

<b>Light output</b>	2000 Lumens
<b>Light distribution</b>	Forward throw (optional Glare Bar – included)
<b>Colour</b>	5000 K CCT
<b>Colour rendering</b>	70 CRI

#### Performance

<b>Ingress Protection</b>	IP68 (highest dust and water protection)
<b>Operating temperature</b>	-30 °C to 70 °C
<b>Life rating</b>	100.000 hours (L <sub>70</sub> ) <sup>1</sup>

#### Construction

<b>Housing</b>	Aluminum, powder coated for extreme conditions
<b>Lens</b>	Polycarbonate
<b>Body colour</b>	Bronze

#### Mounting

<b>Light</b>	Screws attach to back plate
<b>Back plate</b>	Screws to standard junction box or anchor mounting

#### Documentation

<b>Warranty</b>	5 year limited
<b>Agency listings</b>	UL, DesignLights Consortium® (DLC), DEKRA, RoHS
<b>Files available</b>	LM-79, LM-80, IES
