Your search criteria matched only one product, shown below.

Corrugated Loom Tubing is offered for applications where spiral wrap or braided expansion may be difficult to install or where they do not offer the amount of protection required. The tubing features a lengthwise slit which makes it easy to install onto a bundle of wires or a pre-assembled harness assembly.

- Protects and reduces the risk of damage to wiring
- Crush impact and abrasion resistant
- Slit wall design for ease of installation
- Hold in place with push type cable ties adhesive or push type mount
- Bundle wires in control panels
