

Welded Steel 2-Post Heavy Duty Robust Rack

DNRRHDW Series

10-32 Front and Rear Tapped Rails

When strength and reliability is the highest priority, be sure to choose the Data/Networking Robust Rack (DNRR) from Hammond Manufacturing. Designed to support your rack mount infrastructure, regardless of the application, the DNRR includes premium features not found on most other racks.

Features

- Weighing in at just over 75 lbs., the DNRR Heavy Duty Welded Series boasts a 10-Gauge welded steel frame which is the thickest steel rack on the market.
- Tested to nearly double the suggested load rating of 1,530 lbs, Hammond engineered the DNRR**HDW to exceed your weight expectations.
- Our automated tapping assembly provides EIA-310-D compliant tapped rails on both the front and back to ensure flexibility when mounting equipment.
- When connecting multiple racks together, Hammond provided a 1.25" cable pass-thru. In addition we added numerous tapped and non-tapped holes for mounting power distribution, cable management and other accessories.
- Includes two (2) pairs of integrated 10-32 ground studs, spaced 5/8" apart. Stud pairs are conveniently located across from each other inside the rail channel. For added convenience, a pair is located near the top of the rack, while the other at lower side.
- To keep it looking great, the DNRR undergoes a three-stage paint process which includes a coat of premium smooth black powder paint.
- Before sending the DNRR on it's way we cover the rails and base with a thick layer of cardboard to prevent any damage that may occur during transportation.
- RoHS Compliant.
- Manufactured in North America.

Accessories

- | | |
|--|--|
| • Vertical Rack Cable Manager with Door | • Two Post Equipment Rail Depth Adapter |
| • Two Post Mounting Adjustable Shelf | • Universal Rack Shelf |
| • Two Post Centered Shelf | • Two Post Mounting Clamping Shelf |
| • Two Post Mounting Deep Channel Battery Shelf | • Two Post Mounting Keyboard & Equipment Shelf |
| • Two Post Mounting Deep Channel Shelf | • Hinged Acrylic Door Panel Cover |
| • Cable Management | • Adjustable Depth DIN Rail Panel |
| • 10-32 Black Rack Screw with Nylon Washer | • 10-32 Countersunk Rack Screw with Plastic Cup Washer |

- 10-32 Rack Screws with Pilot Point
- Grounding
- Rack Panels
- Light Duty Caster Set for Open Frame Rack
- Bolt Down Kit
- Small Head 10-32 Thumb Screw
- Rack Isolation Kit
- Rack Unit Label
- Rack and Cabinet Baying/Ganging/Joining Kit

19" Rack Mounting 10-32 Double Tapped Rails

Part No.	Overall Dimensions			Rack Units	Mounting Dimensions			Rail Tapping
	Height	Width	Depth		Height	Width	Rail Depth	
DNRR42HDW	48.13	20.56	15.00	24U	42.00	19.00	3.00	10-32
