

Product Change Notification

Type of Notification: Product Discontinuance

ISSUE DATE	LAST BUY DATE	NOTIFICATION NO.	LAST SHIP DATE
30 April 2005	31 December 2004	20050430-01	31 March 2005

This is to remind you that the following product(s) have been discontinued.

Product ID (Description): This notice encompasses Compound Semiconductor and Optoelectronic devices.

Description of Change: As we previously announced in October 2004, our goal was to transition to Lead Free and RoHs compliant production ONLY by Q2 2005. *Last ship date of March 31 2005 is valid only for orders placed by the Last Buy Date, December 31 2005 which was also announced in October 2004.

Effect of Change: Most of the Light Emitting Diode (LEDs) are being discontinued to focus our sales efforts on chip LEDs. The optoelectronic devices are transitioning to RoHs and Lead-free compliant devices.

Suggested Alternate Devices and/or Manufacturers: Because we are no longer supporting non-Chip LED device, many of these don't have a recommended replacement. The Lead-free replacement is listed for conventional devices in most cases.

Product Change Notification (cont'd)

Customers must notify Sharp Microelectronics of the Americas in writing 90 days before the last buy date if they consider the discontinued product to be "Single Source". Sharp Microelectronics and the customer may negotiate an appropriate End-of-Life Agreement.

In case of further questions, please contact your [SHARP sales representative](#).

Customer Acknowledgement of receipt of product discontinuance.

Acceptance:
