

RD ※D SERIES RIGHT-ANGLE TYPE CONNECTORS

General

The RD※D Series use a molded one-piece design for parallel mounting on a PCB. Designed to be directly connected to the circuits in PCBs, the RD※D Series is suitable for labor-saving in connection work and en-

hancing the reliability of wiring.

9, 15, 25, and 37-contact models available. (37-contact):Female connector only

Features

- (1) Compact and sturdy due to a metal shell.
- (2) Simple construction of RD type single mold.
- (3) Offers direct parallel mounting on PCBs in high density and easily connectable to a cable plug.
- (4) Gold plated for contact area and mounting area.
- (5) A wide variety of combinations available, such as dip soldering (HD), crimping (CD), and ribbon IDC termination (FD).
- (6) Uses insulation of highly heat-resistant and chemical-resistant UL synthetic resin.
- (7) Meets your application requirements with a variety of accessories.

Application

Most suitable for modems in communications equipment such as computers, peripherals and terminals,

control equipment, measuring instruments, and export equipment.

Electrical and Environmental

Electrical and Environmental Characteristics	
Current capacity	3A
Rated voltage	350V AC
Insulation resistance	5000M Ω min. at 500V DC
Contact resistance	25m Ω max. at 100mA AC
Withstand voltage	1250Vrms Ac for 1 minute

Material and finish		
Shell	Steel	Nickel plating
Insulator	PBT※	Black
Contacts	Phosphor bronze	Nickel plating + Gold plating

※UL94V-0

	CL211-5185-5	RDG-LNA (4-40)-W2	2	0~0.4	

Note 1: Finished by nickel plating.
2: Two screws are packed in one case.
3: Since the grounding device attached to the connector is fixed temporarily, do not press the locking screw against the grounding device.

SM Series (D SUB) Accessories

Mis-insertion prevention pin

- Note 1: Can be used in the female RD, SD, HD series. For use in the CD series, built-in crimp terminals are required.
- Note 2: As a mating partner, use a male CD (crimp termination) series connector that allows the contact at the part corresponding to the mis-insertion prevention pin to be removed.

HRS No	Part No.	RoHS
CL211-0436-6	RDBD polarizing pin	YES

Note: Can also be used in the SD and HD series.
