### Mini cartridges

Available in pack of six.

Black, Red, Blue, Violet, Pink, Turquoise

### Bottled Ink

57ml bottles of PARKER QUINK ink.

Black, Blue, Red, Green, Blue/Black

Washable Black, Washable Blue

### Writing Modes

There are four main writing modes available within the PARKER range – Fountain Pen, Roller Ball, Ball Point Pen and Pencil. Each mode complements the others, offering the consumer the opportunity to use individual modes or to create a matching set.

### Fountain Pen

The ink flow is controlled by a precision-engineered feed and collector system. A choice of fountain pen nibs and nib grades are available to suit individual writing styles.

### Roller Ball

Using a free ink system that is similar to that of a fountain pen, a sophisticated feed and collector system carefully regulates the flow of ink to the writing point that allows the user to write with the lightest of touch.

### Ball Point Pen

A textured tungsten carbide writing point gives clean, clear writing on most surfaces. A gel ball point refill is available that offers consistently smooth writing and intensity of colour.

### Pencil

A strong, reliable continuous lead feeding system that is easy to use. Within each pencil there is a supply of spare leads plus a replaceable eraser.

All nibs are subject to availability. Calligraphy nibs are available in fine, medium, broad and extra broad for VECTOR range but may vary by market.

### Regular Nibs

These nibs have a rounded shape at the tip of the writing point which gives smooth, free flowing writing as well as a uniform writing line. They are suited to any style of writing, both left-handed and right-handed.

### Straight Italic Nibs

Italic nibs are manufactured with a sharp, straight cut tip and finished with a flat pellet. This gives a thick line in one direction and a thin line at right angles to that direction as necessary for the italic style of writing.

### Oblique Nibs/ Reverse Oblique Nibs

The nib is precision cut obliquely to compensate for extreme writing angles. The nib is fitted with a rounded pellet which allows the pen to write smoothly in all directions.

### PARKER Nib Exchange

If the nib of your PARKER fountain pen is not entirely suited to your hand, and provided it is undamaged, it may be exchanged free of charge, for any nib of the same value, through any accredited PARKER dealer, within 28 days of purchase. A comprehensive choice of nib grades is available.
