

Weatherproof 14"x10"x4" Enclosure w/ Removable 120-240 VAC Universal Power Module - Model: NBP141004-E00

Applications

- Remote wireless equipment installations
- Security equipment
- Protection of equipment from theft or damage
- Rapid deployment installations
- Corrosive environments

Features

- Molded ABS construction
- Fully gasketed pad lockable lid
- NEMA type 3, 3X / IP55 rated
- Removable 120-240 VAC universal socket power module
- Heavy duty hook-and-loop tape for mounting equipment

Description

Remote wireless equipment such as access points, routers and bridges [see below] often are more vulnerable to tampering and theft. This can disrupt and even cripple critical communications. A low cost solution for protecting and securing your wireless equipment is the NBP141004-E00 or NBP141004-E00-4. This rugged, weatherproof composite enclosure is ideal for both indoor and outdoor applications. The compact size of this enclosure makes it ideal for locations with limited space requirements such as equipment closets or mobile applications. Also due to its size, the NBP141004-E00 can be used where aesthetics are important, such as in offices and in public areas requiring Hotspots.

The 10.5" x 9.5" x 4" (266 x 241 x 101 mm) compartment features a removable power module with two 100 to 240VAC Universal Sockets. Cable access to the inside of the enclosure is via three rubber cable glands located on the bottom. Equipment can be mounted inside the enclosure either by using the included hook-and-loop tape or the four mounting stand-offs. The raised lid features a continuous gasket and a quick release latch with provisions for a padlock. The enclosure material is molded UV stabilized ABS. Three gasketed mounting holes are provided inside the enclosure for easy installations.

Specifications

Power Module Voltage	120 to 270 VAC
Power Module Type	(2) Universal Sockets
Enclosure Color	Gray
Weight	4 lbs. (1.8 kg)
Outside Dimensions (max.)	14.5 x 10.8 x 4.3 in. (36.8 x 27.4 x 10.9 cm)
Inside Dimensions	10.5 x 9.5 x 4 in. (26.6 x 24.1 x 10.1 cm)
Cable Feed	(3) 9/16 in. (14.2mm) Rubber Cable Glands
Ratings	NEMA type 3, 3X / IP55 rated
