7/16"

1/2"

9/16"

5/8"

3/4"

Remark

Hardness of spanner body; torque tests and go, no-go gauges meet ansi b.107.6 standard requirements.

Features

1. Ratcheting box end moves fixings with the speed and ease of a fine tooth ratchet.
2. Surface drive box end provides a stronger grip on fixings and virtually eliminates rounding.
