

|                         |                      |
|-------------------------|----------------------|
| Mounting hole (inch)    | 1/4"                 |
| Mounting hole (metric)  | 6,35mm               |
| Indicator type          |                      |
| Mounting type           |                      |
| Bezel type              |                      |
| Bezel material          |                      |
| Bezel color             |                      |
| Bezel size              |                      |
| Protection              |                      |
| Lens type               |                      |
| Lens color              | Red Diffused         |
| Lens size               |                      |
| Connector Tpe           | wire wrappable leads |
| Connector number        |                      |
| Connector for lamp test |                      |
| Number LED chip         |                      |
| Indicator color         | red                  |
| Dom wave length         |                      |
| Peak Wave Lenght (mA)   | 635,0                |
| Op. voltage (V)         | 5,0                  |
| Forward volt max.       | 7,5                  |
| Rectifier               |                      |
| AC current              |                      |

|             |                            |                  |                       |
