

In most applications, a signal booster (Model Number: B121-000) should be used with this cable to ensure a signal strong enough for your display.

DisplayPort Cable with Latches (M/M) 100-ft.

MODEL NUMBER: P580-100

Highlights

- Digital Video and Audio in one cable
- Supports 1080p resolution
- Small footprint compared to VGA or DVI

Package Includes

DisplayPort Monitor Cable - 100ft

Description

DisplayPort is a new digital display interface standard put forth by the Video Electronics Standards Association (VESA). It defines a digital audio/video interconnect intended to be used between computer and display monitors, or computers and home theater systems. Similar to HDMI, in that it supports both Digital Video/Audio signals, DisplayPort is geared more toward the computer market, where HDMI dominates the Home Theater market. Tripp Lite's DisplayPort cables support a maximum bandwidth of 10.8Gbps, as well as DPCP (DisplayPort Content Protection) , HDCP, and resolutions up to 1080p. In most applications, a signal booster (B121-000) should be used with this cable to ensure a signal strong enough for your display.

Features

- The future standard for Digital Video and Audio connections
- Supports Displayport v1.2
- Provides up to 1080p resolution
- Monitor Resolution Support: 2560x1600 @ 60Hz, 1920x1200 @ 120Hz
- Supports High Definition Content Protection (HDCP)
- In most applications, a signal booster (B121-000) should be used with this cable to ensure a signal strong enough for your display.
